## Interest

Over the past several years we have noticed that there is a growing interest in selecting fine antiques over the internet. Especially since we have such a large and varied stock, but tend to bring less of the reasonably priced objects to the antiques shows, we decided to open an online extension of our gallery.

## Quality

For the online shop, the same high standards apply as for our existing gallery. None of the objects you will find online were bought with an e-commerce website in mind; they are all part of the same inventory, only priced at the lower range of what we have to offer. Several online objects have even been illustrated in our publications.

## Process

The process could not be easier or more secure. You browse the website, add the object or objects you like to your 'shopping basket.' Once you are done shopping, proceed to the 'Check out', where you will be asked to fill out your address details and a valid e-mail address. **No credit card information will be required!** Proceed to the next page and confirm your purchase. Within about 24 hours, although usually sooner, you will receive an e-invoice by e-mail. On this e-invoice you will find all the details regarding the object(s) and the payment instructions. The object(s) at that time will be reserved for you for 10 business days. Once the funds arrive in our US or EU account, your order will be dispatched to you, carefully packed and fully insured. **The price you see on the website is including shipping and insurance.** It could not be easier.

## Confident

Browse the website [SHOP.ARONSON.COM](http://SHOP.ARONSON.COM) and feel confident that you are looking at first class Dutch ceramics.
